

NATIONAL SAFETY WEEK CELEBRATION-2017

LEADERSHIP IN SAFETY AND HEALTH ENHANCES BUSINESS
SUSTAINABILITY

DP World Nhava Sheva has celebrated “National Safety Week 2017” as per NSC (National Safety Council) guidelines. During the National safety week celebrations a number of initiatives were undertaken involving employees, contractors, stakeholders and students in nearby schools. Events were held between 4th March and 10th March 2017.

Active involvement from employees, contractors, drivers, stake holders and local public was observed during the celebration. The initiatives included were slogan competition, quiz competition, safety poster drawing competition, and spot quiz competition for employees, elocution competition for contractors, safety campaigns for external truck drivers, lashers, ICD checkers, and contracted supervisors. As part of safety week celebration, safety awareness campaigns for school children and college students have been also been arranged at a nearby school. An interactive session with an active crowd of 150 students were present, and discussed regarding personal safety, safety on road, home, sports etc. Global environmental issues were also discussed. Quiz on environment and general safety has seen an active participation from students

and complimentary gifts were given to all. This session ended with a safety and environment pledge for boosting morale of young aspiring minds. The campaigns on safety awareness conducted through poster display, desktop messages, Tool box talks and safety awareness campaigns etc.

6. SAFETY AWARENESS CAMPAIGN WITH STUDENTS AT NEARBY SCHOOL:

HSE representatives have visited nearby school, college and had an awareness session with students. A fun filled session has seen active involvement of 150 students and discussed regarding children's safety, crime related with kids, precautions to be taken while travelling alone. An elocution competition and short quiz competition were also organized; kids were asked questions on public safety, road safety rules & regulations and environment. HSE representatives congratulated students' awareness level and gifts were handed over.

7. SAFETY GAME: "FEEL THE PAIN":

As part of a safety week celebration, we had organized a game called "Feel the Pain". It involves participants to perform a common task with only using one hand. We gave cold drink tetra pack to participants and told them to open them with using only one hand. During the game no one was able to perform the task given and it made them realize about the injuries. HSE representative

made briefing about importance having body parts and difficulties in life without them. Participants thanked HSE representatives for helping them building awareness regarding safe working.

8. AWARENESS CAMPAIGN WITH CONTRACTORS, EMPLOYEES AND STAKE HOLDERS THROUGH TOOLBOX TALKS:

Awareness campaigns were conducted through number of toolbox talks with employees, contractors and stake holders. Awareness campaigns covered different topics like port safety rules and regulations, general safety, environment, pollution, precautionary measures while working, safe operating procedures, health awareness for drivers, were few among discussed.
