Safety Guidelines for OOG/ODC Drivers

Dear Valued Customer,

In keeping with D.P.World's commitment to safety and safe working practices, hitherto, we require all 'out of gauge (OOG/ODC)' trailer drivers to be wearing High Visibility jackets when operating within the terminal. Should any driver be lacking this protective gear while entering the terminal, he will be supplied the same by us on returnable basis at gate control room / ODC gate for NSICT and NSIGT respectively.

We trust we have your support in our thrust for safety.

Best Regards,

DP World Nhava Sheva
